This study does not concern or implicate the Jewish faith or the Jewish community. The topic of this study is Zionism and the abuse of politics, money, and power in the US.

In 2022, Karen Kwiatkowski¹ said : “We do not yet have answers as to why the Pentagon and its leadership were so poorly prepared, and reacted so inappropriately to both early intelligence and the actual events of September 11th, 2001. To this day, we have seen not a single military or civilian in leadership on that day be anything other than lauded for their great courage in defense of our country. Trillions of dollars later, we have fought for two decades in both Afghanistan and Iraq, and have destroyed so much more than what we lost that terrible day. We continue to wait for honesty, transparency and a sense that our military actually owns up to its only mission of protecting our country and our people”.

The War On Freedom by Nafeez Mosaddeq Ahmed Tree Of Life Publications, 2002. is meticulously footnoted. Ahmed is a British political Scientist and Human Rights Activist, Executive Director of the Institute for Policy Research & Development, UK. A brief overview at the end of the book (p. 329-384) discusses the vast Israeli intelligence operation in the US, Israeli spies in connection with the alleged 9/11 terrorists, the subsequent release of the spies, Israeli probable advanced knowledge of the attacks, and the importance of the Israeli Lobby in all this.

The Terror Timeline by Paul Thompson (Regan Harper Collins), 2004, is meticulously researched, and includes excerpts from US media with dates, titles, and sources. Chapter 14 of Thompson's book suggests there may be some connection between Israel and 911: A number of US based media excerpts refer to an Israeli spy ring, Israeli art students with military backgrounds, Israeli intelligence, arrest of Israelis, DEA documents, suggestions of Israeli for-knowledge of the attacks of 9/11, and US government denials. The Israeli lobby certainly pushed for the Bush administration's attack of Iraq.

Solving 911 The Original Articles was published by Christopher Bollyn in 2012, as a complement to his earlier work, ***Solving 911 The Deception That Changed the World***. Although Bollyn's reports of an Israeli spy ring have been independently confirmed, other claims in his book have not been

From recent investigations, the above journalistic work appears to merely scratch the surface of Israel's hidden activities in the US, and the key to it all are powerful elements within the Israeli Lobby in the US.

To better understand the depth of these activities, Al Jazeera funded a 4 hour set of videos produced by US journalist Clayton Swisher, which was completed in October 2017. The original was censored after Qatar, the gas-rich Gulf emirate that funds *Al Jazeera*, came under intense Israel lobby pressure not to air the film. *Electronic intifada* has since recovered all four parts.²

IfAmericansKnew edited the four-part work down to a 1:07:43 abridged version, available below.³ Also available below is an 8 minute version focusing on The State of Israel's attempt to stop the BDS movement on US campuses.

¹ Kwiatkowski is a retired U.S. Air Force Lieutenant Colonel whose assignments included duties as a Pentagon desk officer and a variety of roles for the National Security Agency. Since retiring, she has become a noted critic of the U.S. government's involvement in Iraq. Kwiatkowski is primarily known for her insider essays which denounce a corrupting political influence on the course of military intelligence leading up to the invasion of Iraq in 2003.
